

Number of tobacco related deaths by county, Montana, 2004-2009

Number of Deaths

- 50 or less
- 51 - 100
- 101 - 200
- More than 200

Total number of deaths: 10,798

When tobacco program funding has been cut in other states, like Massachusetts, Indiana, and Florida, youth smoking increased, cigarette sales increased, and the likelihood of youth to *start* smoking increased.
